RE: Dredging Accident Prevention Work Plan for Allen Harbor Entrance
NCBC Davisville, Rhode Island
Submitted 3 August 1998; Dated 31 July 1998

Dear Mr. Otis;

The Rhode Island Department of Environmental Management, Office of Waste Management (RIDEM) has reviewed the above referenced document. The document is acceptable, however, in the Emergency Response Section it is noted that "the office facility for the dam shall serve as the emergency response station". Please clarify since there are no dams at this site.

If you have any questions or require additional information please call me at (401) 222-2797 ext. 7138.

Sincerely,

Richard Gottlieb, P.E.
Principal Sanitary Engineer
